

User support - Anniversary Management

Overview

Anniversary Management manages anniversaries and provides a function to alert anniversaries according to the alert setup.

Description

- **Anniversary Management** aims to register anniversaries and provides functions of registering, modifying, deleting, inquiring, inquiring lists of, and alerting anniversaries.

① Anniversary Management list: inquire Anniversary Management information in the order of registration time and display the results on the screen.

② Anniversary registration: register Anniversary information and inquire the results.

③ Anniversary modification: modify registered Anniversary information.

④ Anniversary deletion: delete registered Anniversary information.

⑤ Anniversary detail inquiry: inquire registered Anniversary detail information.

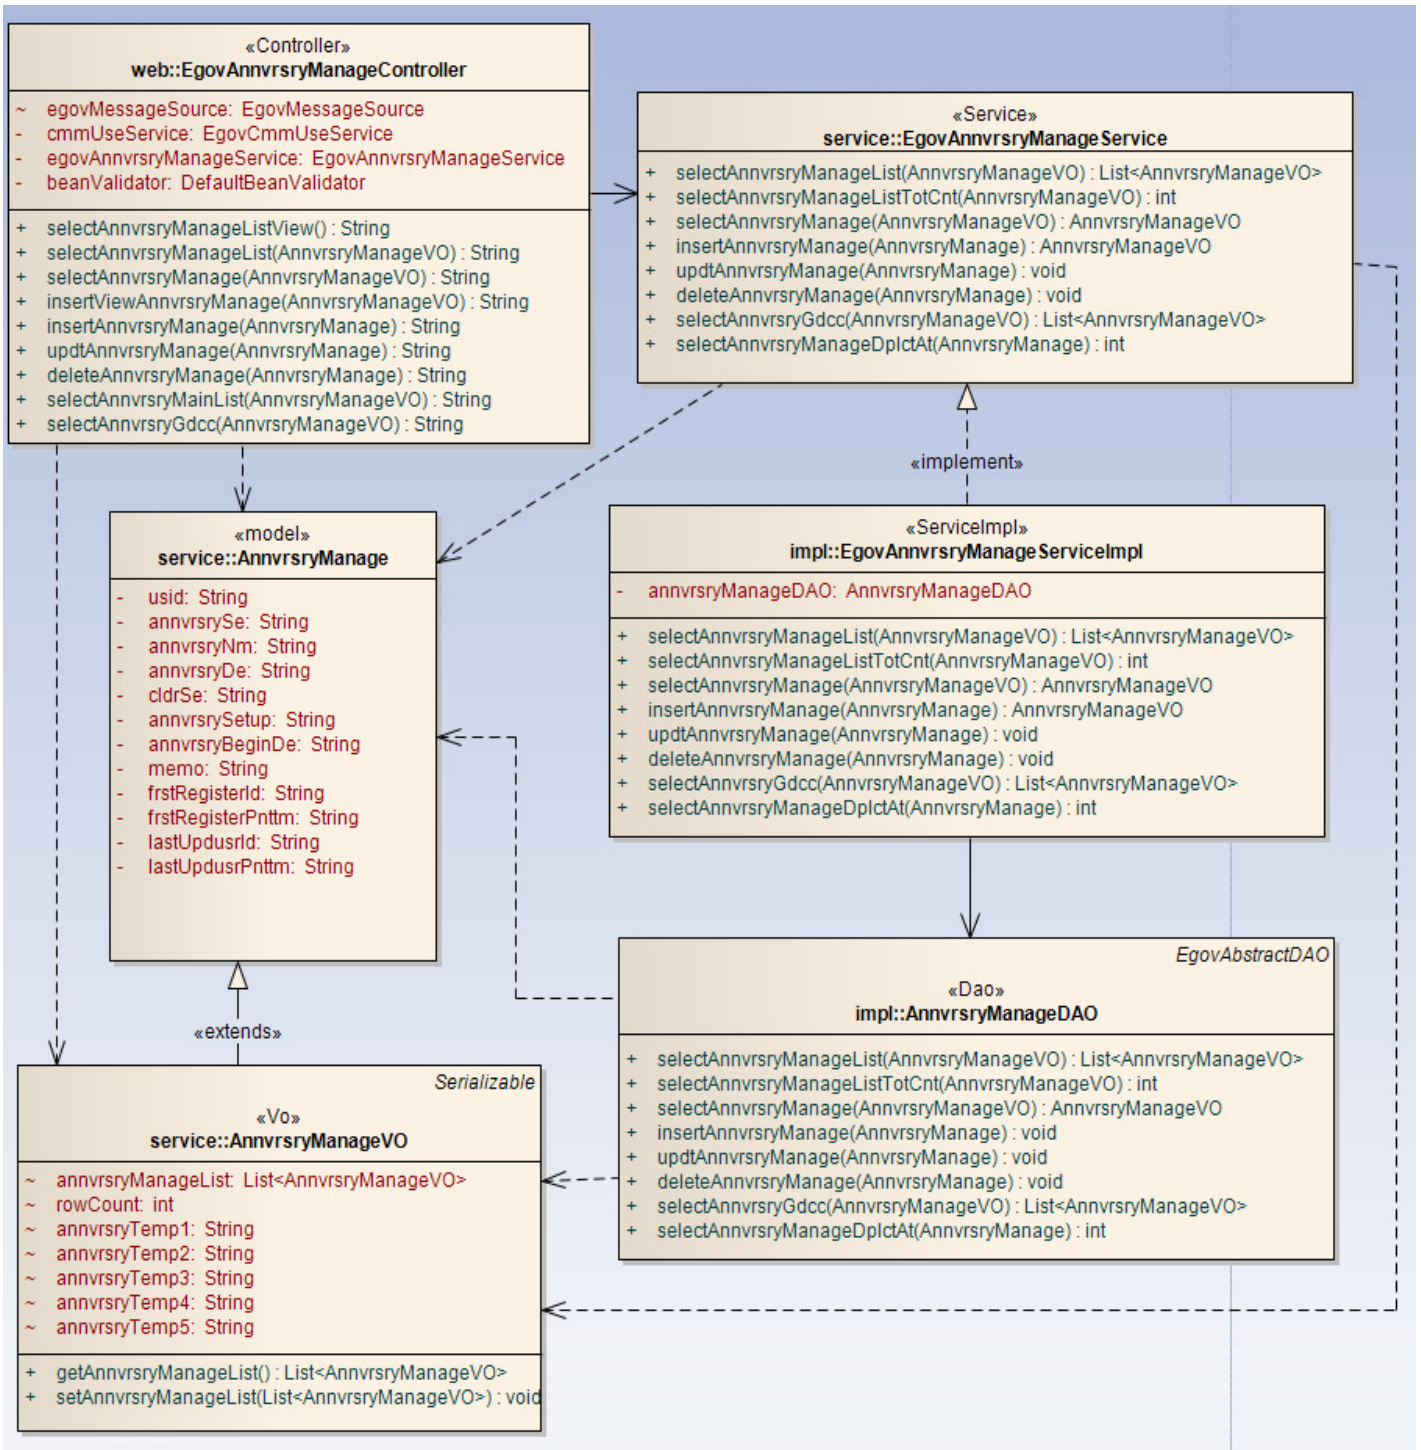

⑥ Anniversary Excel registration: register Anniversary information saved in Excel.
