As of 2011.11.15

According to Ministry of Public Administration and Security Notice No. 2010-40 E-Government Service Compatibility Compliance Guideline for the mobile web type service development, at least three web browsers should support the same services.

Restraints

- Opera Mobile 11.50 or older can have different shapes of some components as UX Component's gradient effect is not applied.
- Internet Explorer 8 or order are not supported fully.
